

Thank you for your interest in applying for the Steward Leadership 25 (SL25) award. Jointly co-curated by Stewardship Asia Centre, INSEAD Hoffmann Institute, WTW and The Straits Times, the SL25 award spotlights viable solutions for the environment and society in Asia and the Pacific.

To qualify for SL25, your solution must:

- Be financially viable or working towards financial viability
- Make a significant impact on the environment and/or society

\*Note that we prioritise applications that provide quantitative evidence for the above.

Steward leadership is the genuine desire and persistence to create a collective better future for stakeholders, society, future generations and the environment.

Solutions that demonstrate steward leadership achieve financial viability by addressing environmental and social challenges. Winners will be announced at the Steward Leadership Summit in October 2026.

The judging criteria are undergirded by the stewardship values:
